Contributions to the 31th European Safety and Reliability Conference, *Angers, France, 19 – 23 September 2021* are to be in American English.

The abstract should summarize the context, content and conclusions of the paper and **must not exceed one page including references** with a minimum of 200 words. Typeset the abstract in 10pt Times New Roman with line spacing of 11pt. Suggest approximately 6–12 keywords for indexing purposes (separated by commas) as below.

A4/US letter size paper can be used. The trim size is 24cm (height) x 17cm (width). Text area includes running title; the footer at the bottom is 21mm deep and 132mm wide. The entire text is in a single column format.

Authors are encouraged to have their contribution checked for grammar. American spelling should be used. Abbreviations are allowed but should be spelt out in full when first used. Integers ten and below are to be spelt out. Italicize foreign language phrases(e.g. Latin, French). Authors are required to submit their manuscripts both in PDF and the typeset source (MS-Word or LaTeX) formats, and should check their formatting before submission.

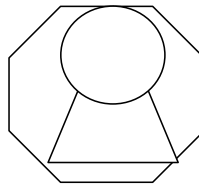

Fig. 1. This is the caption for the figure in font 9pt. The short-line caption must be centered, and the long caption can be left justified.

Final pagination and insertion of running titles will be done by the publisher. Authors are encouraged to use this style template in MS-WORD or LaTeX provided. If you're not using this template, please ensure the page dimensions are followed accurately, as your manuscript will be reduced electronically if it exceeds the page dimensions.

Keywords: Keyword1, keyword2, keywords3, keywords4, keyword5, keywords6.
